## Answers to questions potential employees may have.

### What does the work involve?

We clean houses, apartments and condominiums for people who don't have enough time to do the work themselves. As a rule, we do not clean offices or commercial establishments (which would require evening and weekend work, since businesses must be cleaned after regular business hours).

### You mean a "maid" service?

We specialize in light house cleaning for clients who have us visit on a regular basis. We do not do cooking, laundry, ironing or other chores typically attributed to "maids".

### Do I have to buy or furnish my own supplies?

No. We provide everything. Neither you nor our clients are required to provide anything.

### Do I need experience?

We don't care if you've ever cleaned a house before. We train you to use our professional techniques. And our motto is, "Work smarter, not harder."

### How many hours will I work?

Depending on our schedule, you'll generally work a 25 to 35 hour week. You should be available from 8 AM - 3 PM.

**USE:**

This brochure can be distributed in displays at convenience stores, laundromats and other locations. It can also be used as a direct mail piece or door hanger in a poly bag in communities where the profile of your potential employment candidates may reside.
